

The WhisperSoft System

The smarter way to get *better* heating & cooling for you home.

ATTRACTIVE

5 1/2" diameter registers resemble recessed lighting & blend in perfectly. Available in white, brown, & natural oak.

QUIET

Engineered for whisper quiet operation by eliminating louvers & increasing air speed at the same time.

ACTUAL SIZE

EFFICIENT

WhisperSoft maintains a uniform temperature in every room without hot or cold areas. Air will now remain fresher & better filtered for allergens.

QUALITY

All components are made from the best materials possible. The result is a durable & trouble free system that will add value & lasting comfort.
